**45      Procurement Related Complaints and Administrative Review**

- 45.1 The procedures for making a Procurement-related Complaint are as **specified in the PDS**.

**46      Abnormal Low and Abnormally High Prices**

**46.4 Abnormally Low Prices**

- 46.1.1 An Abnormally Low Price is one where the financial price, in combination with other constituent elements of the proposal, appears unreasonably low to the extent that the price raises material concerns with ESCCOM as to the capability of the Consulting firm to perform the Contract for the offered price.
- 46.1.2 In the event of identification of a potentially Abnormally Low Price by the evaluation committee, ESCCOM shall seek written clarification from the firm, including a detailed price analyses of its price in relation to the subject matter of the contract, scope, delivery schedule, allocation of risks and responsibilities and any other requirements of the RFP document.
- 46.1.2 After evaluation of the price analyses, if ESCCOM determines that the firm has failed to demonstrate its capability to perform the contract for the offered price, ESCCOM shall reject the firm's proposal.

**46.5 Abnormally High Prices**

- 46.2.1 An abnormally high price is one where the proposal price, in combination with other constituent elements of the proposal, appears unreasonably too high to the extent that ESCCOM is concerned that it (the Procuring Entity) may not be getting value for money or it may be paying too high a price for the contract compared with market prices or that genuine competition between Consultants is compromised.
- 46.2.2 In case of an abnormally high tender price, ESCCOM shall make a survey of the market prices, check if the estimated cost of the contract is correct, and review the RFP to check if the Terms of Reference, scope of work and conditions of contract are contributory to the abnormally high proposals. ESCCOM may also seek written clarification from the Consultants on the reason or the high proposal price. ESCCOM shall proceed as follows:
- i) If the proposal price is abnormally high based on wrong estimated cost of the contract, ESCCOM may accept or not accept the proposal depending on the Procuring Entity's budget considerations.

46.2.3 If ESCCOM determines that the Proposal Price is abnormally too high because genuine competition between Consultants is compromised (often due to collusion, corruption or other manipulations), ESCCOM shall reject all Proposals and shall institute or cause competent Government Agencies to institute an investigation on the cause of the compromise and inform the Agency, before re-inviting for proposals.

## Part 2: Section 3. Evaluation Methodology and Criteria

The minimum technical score required to pass the technical evaluation is 70 points.

### D Financial Comparison Criteria

#### 6. Financial Proposals for QCBS, FBS, LCS

##### Quality and Cost Based Selection (QCBS) Method

In the case of Quality and Cost Based Selection (QCBS), the total score is calculated by weighting the technical and financial scores and adding them as per the formula and instructions below. The Consultant that achieves the highest combined technical and financial score will be notified and invited for negotiations.

The lowest evaluated Financial Proposal (Fm) is given the maximum financial score (Sf) of 100.

The formula for determining the financial scores (Sf) of all other Proposals is calculated as following:

$Sf = 100 \times Fm / F$ , in which “Sf” is the financial score, “Fm” is the lowest price, and “F” the price of the proposal under consideration.

The weights given to the Technical (T) and Financial (P) Proposals are:

T = 70, and

P = 30

Proposals are ranked according to their combined technical (St) and financial (Sf) scores using the weights (T = the weight given to the Technical Proposal; P = the weight given to the Financial Proposal; T + P = 1) as following:

$$S = St \times T\% + Sf \times P\%.$$

## 2. BACKGROUND

The Kingdom of Eswatini is embarking on a comprehensive digital transformation journey through the Eswatini Digitalisation Strategy (2024–2028), led by the Ministry of Information, Communications and Technology (ICT). ## 3. OBJECTIVES OF THE CONSULTANCY

- Establish a comprehensive baseline of the telecommunications sector to inform regulatory, investment, and policy decisions.
- Provide a baseline assessment of the broadcasting sector’s structure, capacity, and regulatory alignment to support inclusive access and content diversity.
